 In line with each boy's name write the driver he'll ride up with and the driver he'll ride back with. In parenthesis () write how many boys the driver has room in his car for. This way we know if he has a full car or not.

Turn this sheet in the Wednesday before the trip. You'll get it back when we meet to go on the trip.

On the day of the trip you'll get this form back. Put an "X" in the "Perm Slip" column as you collect each boy's form. When your whole patrol is present, pass the slips and this form in to the leader to let him know you're ready to go.

All rides home go to the Scout's home unless other arrangements are made.
